Issue 1, March 2017

As some of you may have heard, the Colorado Outdoor Expo has been Canceled. We want to thank those of you that have already registered to help staff the booth for this event, but unfortunately we will no longer need your assistance on March 31st and April 1st. We will look forward to your continued efforts to assist us during future events, as we plan on attending as many events as possible this year.

2nd Quarterly Delegates Meeting

The Second Quarterly Delegates Meeting will be Hosted by Jeff Stemas and the Colorado Rock Hoppers in Colorado Springs, Colorado

Date: 4/22/17

Time: 2:00-6:00pm

Location:

Comfort Inn
45 Manitou Ave
Manitou Springs, CO 80829
719-685-5455

There will be a No-Host dinner after for those that want to attend. Location will be given at the meeting.

Jeff and CRH's Day After Trail Runs in Springs Area

On Sunday April 23rd Jeff and the Colorado Rock Hoppers will be hosting multiple Trail Runs. These runs will include the Indy Trail system, the Gultches and surrounding areas. There will be leaders for each of the trail runs that will fit anyone's skill level and desire. Please let them know if you will be attending any of the runs so they can have an idea of what to expect for the day.

COHVCO Economic Contribution Study

Recently COHVCO completed their Economic Contribution Study for the Motorized Community in Colorado. The results are very impressive to say the least. If you would like to read the entire study or the Executive review portion you can do so at the following link:

**The Raffle Vehicle will be returning for the 2017 Season
Details to come SOON**

NOHVCC "Great Trails" Handbook

The National Off-Highway Vehicle Conservation Council (NOHVCC) has published an excellent 300-page book on how to manage, plan, design, engineer, build, and maintain a system of OHV and/or non-motorized trails.

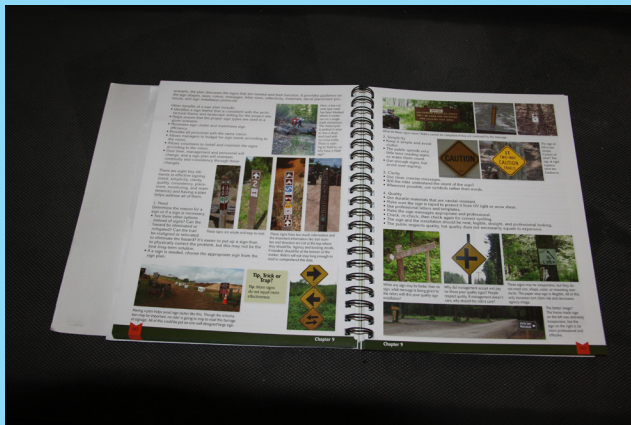

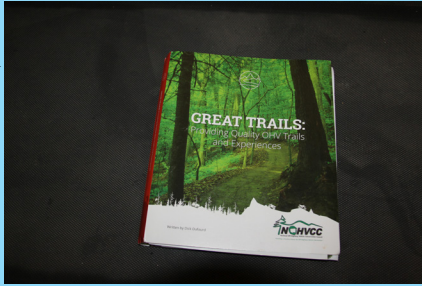

This book will become the "Bible" for public and private land managers and all trail user groups. Learn about what makes a trail user friendly, sustainable, and have that "WOW" factor. This manual was written for any land management office, state or regional associations,

or clubs that have an interest in public use trails. It is incredible the amount of detail that went into writing this. This guidebook won the 2016 Education and Communication Annual Achievement Award from the Coalition for Recreational Trails.

You may download a free copy at --

<http://www.nohvcc.org/Materials/great-trails>

The printed guidebooks can be ordered for a small fee by sending us an e-mail to trailhead@nohvcc.org.

I would recommend EVERY 4-wheel drive club have a printed copy and they should offer a copy to their local land management offices.

Off-Highway Vehicle Registrations

Most of us know that Off-highway vehicles must be registered with Colorado Parks and Wildlife. Off-highway vehicles (OHVs) include motorcycles, dirt bikes, three-wheelers, ATVs, and dune buggies that are operated on public land or trails in Colorado.

The BIG CHANGE is that For Non-Residents and Resident Plated Vehicles: OHV Permits for non-residents and resident plated vehicles (off road + street legal vehicles) are avail-

able for purchase online. Please allow 14 days for your order to arrive in the mail.

OHV permits are also available at retail locations selling hunting and fishing licenses.

To purchase a permit in-person upon arrival in Colorado, please see the license agent list to find a retail location near you.

More information about the rules and how to purchase an OHV permit can be found at --

<http://cpw.state.co.us/buyapply/Pages/RegistrationsOHV.aspx>

Upcoming Events

Wednesday March 15th-

Larimer County 4 Wheel Drive Club Monthly Meeting

Salt Lake Off Road Expo

Saturday April 29th

Salt Lake Off Road Expo

All Listed Events can be found on our Website in the Events Calendar. For additional Details Click [HERE](#)

Stay the Trail has recently published an article with a list of all the trails in the State of Colorado that require even plated vehicles to have an OHV permit. While many of these trails are considered extreme rock crawl trails, there are some that you would not think would be on there. The complete list can be found at the following link, and we encourage everyone to know the list as well as getting an OHV Permit for your vehicle regardless if it is plated or not.

Owner-Scott Butters

**20 YEARS AND
STILL HAVING FUN!**

Scott is the owner of Bullhide 4x4 along with his wife, Susan. Scott has been working in the accessory and automotive industry for over 22 years. You will find him at the shop daily, helping customers find exactly what they want or need and has a hands on approach to business. Everyone on The Bullhide 4x4 team is responsible for its success and reputation. Scott has two children, Trevor and Megan and he loves to be involved with their activities when not at the shop. He also enjoys hunting, snowmobiling, 4-wheeling, fishing, NASCAR, and traveling to those "fun in the sun" spots around the world.
